

Crest-O-Mint Oil SDS

Issuing Date 05/04/2026

Revision Date 05/04/2026

Revision Number 2

1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

Product identifier

Product Name Crest-O-Mint Oil Multipurpose Cleaner & Degreaser, Simple All-Purpose Household Cleaner & Deodorizer, Natural Wintergreen Mint Scent, Made in USA

Other means of identification

SKU CRESTOMINT

Recommended use of the chemical and restrictions on use

Recommended use Cleaning/washing agent (multi-purpose household cleaner)

Uses advised against Use inconsistent with product label directions

Details of the supplier of the safety data sheet

Supplier:

Ocean Coffee & Company LLC (DBA: The Pine Oil Company)
7222 W Park Road
Shreveport, LA 71129 USA
Office: (318) 686-1501
Website: www.thepineoilcompany.com

Emergency telephone number For Medical Emergencies, call: 1-800-446-1014

Emergency Phone Numbers For Transportation Emergencies, call Chemtrec: 1-800-424-9300

2. HAZARDS IDENTIFICATION

Classification

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

Flammable liquids	Category 4 (H227)
Causes skin irritation	Category 2 (H315)
Serious Eye Irritation	Category 2A (H319)

GHS Label elements, including precautionary statements

Emergency Overview

Signal word	Warning
Hazard Statements H227 — Combustible liquid H315 — Causes skin irritation H319 — Causes serious eye irritation	
	
Appearance Green	Physical State Thin liquid
Odor Wintergreen	

Precautionary Statements - Prevention

P210 — Keep away from heat, sparks, open flames and hot surfaces. No smoking.
P264 — Wash hands thoroughly after handling.
P280 — Wear protective gloves/eye protection when handling concentrated product.
P264 — Wash hands thoroughly after handling.
P280 — Wear protective gloves/eye protection.

Precautionary Statements -Response

P305+P351+P338 — IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.
P337+P313 — If eye irritation persists: Get medical advice/attention.
P370+P378 — In case of fire: Use dry chemical, foam, or carbon dioxide.
P302+P352 — IF ON SKIN: Wash with plenty of soap and water.
P332+P313 — If skin irritation occurs: Get medical advice/attention.

Precautionary Statements - Storage

P403+P235 — Store in a well-ventilated place. Keep cool. Keep container tightly closed.

Precautionary Statements - Disposal

P501 — Dispose of contents/container in accordance with local regulations.

Hazards not otherwise classified (HNOC)

None known under normal conditions of use.

Unknown Toxicity

Not applicable.

Other information

N/A

Interactions with Other Chemicals

N/A

3. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical Name	CAS-No	Weight %	Trade Secret
Pine Oil	8002-09-3	5-10	*
Isopropyl alcohol (2-propanol)	67-63-0	8-10	*
Potassium Soap	Proprietary	10-15	*
Methyl Salicylate	119-36-8	1-3.9	*
2-Butoxyethanol (Glycol Ether EB)	111-76-2	0.1-0.7	*
Water	7732-18-5	Balance	

* The exact percentage (concentration) of composition has been withheld as a trade secret.

4. FIRST AID MEASURES**First aid measures****General Advice**

If symptoms persist, get medical advice/attention.

Eye Contact

Causes serious eye irritation. Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. Seek medical attention if irritation persists.

Skin Contact

Causes skin irritation. Wash with soap and water. Remove contaminated clothing and wash before reuse. Seek medical attention if irritation persists.

Inhalation

Move to fresh air. Get medical attention if symptoms persist.

Ingestion

Rinse mouth. Do not induce vomiting. Get medical advice/attention if you feel unwell.

Protection of First-aiders

Avoid contact with skin, eyes, and clothing. Use personal protective equipment as required. Wear personal protective clothing (see section 8).

Most important symptoms and effects, both acute and delayed**Most Important Symptoms and Effects**

Eye irritation; possible skin irritation.

Indication of any immediate medical attention and special treatment needed**Notes to Physician**

Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media

Water spray, dry chemical, foam, carbon dioxide.

Unsuitable Extinguishing Media

Combustible liquid. Vapors may ignite if heated.

Specific Hazards Arising from the Chemical

Self-contained breathing apparatus (SCBA) and full protective gear if needed.

Explosion Data

Sensitivity to Mechanical Impact None.

Sensitivity to Static Discharge None.

Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal Precautions Provide ventilation. Keep away from ignition sources. Avoid contact with eyes.

Other Information Refer to protective measures listed in Sections 7 and 8.

Environmental precautions

Environmental Precautions Avoid release to drains and waterways.

Methods and material for containment and cleaning up

Methods for Containment Prevent further leakage or spillage if safe to do so.

Methods for Cleaning Up Absorb with inert material (sand/absorbent). Collect in suitable container for disposal.
Wash residual with water

7. HANDLING**Precautions for safe handling**

Handling Ensure adequate ventilation during use. Avoid contact with eyes. Keep away from heat/sparks/open flame. Do not smoke while handling. Avoid breathing spray mist. Avoid prolonged or repeated skin contact.

Conditions for safe storage, including any incompatibilities

Storage Store in a cool, well-ventilated area. Keep container tightly closed and away from heat/open flame.

Incompatible Products Strong acids and oxidizers.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION**Control parameters****Exposure Guidelines**

Chemical Name	ACGIH TLV	OSHA PEL	NIOSH IDLH
Isopropyl Alcohol	200 ppm (TWA) / 400 ppm (STEL)	400 ppm (TWA)	2000 ppm
2-Butoxyethanol	20 ppm	50 ppm	-

ACGIH TLV: American Conference of Governmental Industrial Hygienists - Threshold Limit Value. OSHA PEL: Occupational Safety and Health Administration - Permissible Exposure Limits. NIOSH IDLH: Immediately Dangerous to Life or Health.

Appropriate engineering controls

Engineering Measures Use in a well-ventilated area. Ensure adequate ventilation during handling of concentrated product.

Individual protection measures, such as personal protective equipment

Eye/Face Protection Safety glasses recommended if splashing is possible.

Skin and Body Protection Protective gloves recommended when handling concentrated product.

Respiratory Protection Respiratory protection is not normally required under normal conditions of use. Use in a well-ventilated area.

Hygiene Measures Wash hands after handling. Do not eat, drink, or smoke while using this product.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical and Chemical Properties

Physical State	Liquid	Odor	Wintergreen
Appearance	Tinted/Cloudy	Odor Threshold	No information available
Color	Green		

<u>Property</u>	<u>Values</u>	<u>Remarks/ Method</u>
pH	9.5-10.5	None known
Melting/freezing point	-6°C	None known
Boiling point / boiling range	~198°C	None known
Flash Point	~138°C	None known
Evaporation rate	No data available	None known
Flammability (solid, gas)	No data available	None known
Flammability Limits in Air		
Upper flammability limit	No data available	None known
Lower flammability limit	No data available	None known
Vapor pressure	No data available	None known
Vapor density	No data available	None known
Specific Gravity	0.96–0.99 g/cm ³	None known
Water Solubility	Soluble	None known
Solubility in other solvents	No data available	None known
Partition coefficient: n-octanol/water	No data available	None known
Autoignition temperature	No data available	None known
Decomposition temperature	No data available	None known
Kinematic viscosity	No data available	None known
Dynamic viscosity	No data available	None known
Explosive Properties	Not explosive	
Oxidizing Properties	No data available	

Other Information

Softening Point	No data available
VOC Content (%)	No data available
Particle Size	No data available
Particle Size Distribution	No data available

10. STABILITY AND REACTIVITY

Reactivity

Non-reactive under normal conditions.

Chemical stability

Stable under normal conditions.

Conditions to avoid

Heat, sparks, open flame.

Incompatible materials

Strong acids and oxidizers.

Hazardous Decomposition Products

Carbon oxides under combustion.

11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure**Product Information**

Inhalation	May cause mild respiratory irritation if mist is inhaled in high concentrations.
Eye Contact	Causes serious eye irritation.
Skin Contact	Causes skin irritation.
Ingestion	May cause gastrointestinal discomfort, nausea, or irritation.

Component Information

Chemical Name	LD50 Oral	LD50 Dermal	LC50 Inhalation
Isopropyl Alcohol (67-63-0)	5840 mg/kg (rat)	16400 mg/kg (rabbit)	LC50 Inhalation (rat): >10000 ppm
Methyl Salicylate	~887 mg/kg	>5000 mg/kg	Data limited / not typically classified for inhalation
2-Butoxyethanol	~470 mg/kg	~220 mg/kg	~2.2 mg/L (4 hr)

Information on toxicological effects**Symptoms**

May cause redness and irritation of the eyes.
Prolonged or repeated skin contact may cause mild skin irritation.
Inhalation of mist may cause mild respiratory irritation.
Ingestion may cause gastrointestinal discomfort.
May cause redness, dryness, or irritation of skin.

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Sensitization	Not classified.
Mutagenic Effects	Not classified.
Carcinogenicity	Not classified. (Isopropyl alcohol: IARC Group 3 – Not classifiable as to carcinogenicity in humans.)
Reproductive Toxicity	Not classified.
STOT - single exposure	Not classified.
STOT - repeated exposure	Not classified.
Chronic Toxicity	
Target Organ Effects	No known significant effects under normal conditions of use.
Aspiration Hazard	Not classified.

12. ECOLOGICAL INFORMATION

Ecotoxicity

Not expected to be harmful to aquatic organisms under normal conditions of use. Avoid release to waterways.

Persistence and Degradability

Expected to be biodegradable based on component data.

Bioaccumulation

Low potential for bioaccumulation.

Other adverse effects

None known.

13. DISPOSAL CONSIDERATIONS

Disposal methods

Dispose of contents/container in accordance with local, state, and federal regulations.

Contaminated Packaging

Do not reuse empty containers.

14. TRANSPORT INFORMATION

DOT

Not restricted.

15. REGULATORY INFORMATION**Chemical Inventories**

TSCA All components of this product are listed on the United States TSCA Inventory or are exempt.

DSL/NDSL All components are listed on the Canadian DSL or are exempt.

TSCA -United States Toxic Substances Control Act Section 8(b) Inventory

DSL/NDSL - Canadian Domestic Substances List/Non-Domestic Substances List

U.S. Federal Regulations**SARA 313**

This product contains isopropyl alcohol (67-63-0), which may be subject to SARA Section 313 reporting requirements depending on concentration and use. Contains 2-Butoxyethanol (111-76-2), which may be subject to reporting requirements under Section 313 of SARA if applicable thresholds are exceeded.

SARA 311/312 Hazard Categories

Acute Health Hazard	Yes
Chronic Health Hazard	No
Fire Hazard	Yes
Sudden Release of Pressure Hazard	No
Reactive Hazard	No

US State Regulations**California Proposition 65**

This product does not contain substances known to the State of California to cause cancer or reproductive harm at levels requiring warning.

U.S. State Right-to-Know Regulations**16. OTHER INFORMATION**

<u>NFPA</u>	Health Hazard 2	Flammability 2	-
--------------------	-----------------	----------------	---

<u>HMIS</u>	Health Hazard 2	Flammability 2
--------------------	-----------------	----------------
